

	23, Monday	24, Tuesday	25, Wednesday	26, Thursday
<i>SUBJECTS</i>	<i>Review of work performed (Chair: G. Van Oost)</i>	<i>Classification of activities performed / Joint experiments (Chair: M. Gryaznevich)</i>	<i>CRP planning and future directions (Chair: E. Del Bosco)</i>	<i>Prospects for individual and joint research activities (2007/8) (Chair: A. Malaquias)</i>
Session 1 (9:00 - 10:50)	"STOR-M program: recent results" - Akira Hirose	IAM - refreshment of the IAM based on last individual reports including outputs description and performance indicators for individual research activities (TO & ISC)	Opportunities for research in theory topics (E. Del Bosco)	Planning for 2007/8-IAM (TO & ISC)
	"Progress with the ETE experiment" - Gerson Ludwig		Opportunities for research in experimental topics (G. Van Oost)	
	"Overview of ISTTOK Research Program" - Carlos Silva			
	"Recent Progress of Gutta tokamak and the plans for future activities" - Gennady Vorobyov			
Coffee Break				
Session 2 (11:10 - 12:35)	"IR-T1 Tokamak Experimental Programme, Plans and Recent Result" - Pejman Khorshid	JAM - refreshment of the JAM based on last individual reports including outputs description and performance indicators for joint research activities (TO & ISC)	CRP web-site status and developments (M. Gryaznevich)	Planning for 2007/8-JAM (TO & ISC)
	"Highlights on EGYPTOR Progress" - Hosam Hegay		Remote participation status (A. Malaquias)	
	"Research activity on the T-10 tokamak" - Gennady Kirnev			
Lunch				
Session 3 (13:45 - 15:35)	"Overview on Plasma Rotation, MHD and Electrode Biasing Experiments in the TCABR Tokamak" - Ivan Nascimento	Joint experiment - CASTOR (G. Van Oost)	Visit to SUNIST	Meeting Report (draft) (TO & ISC)
	"Status of ECR plasma current startup on SUNIST Spherical Tokamak" Yexi He			
	"Edge plasma physics and relevant diagnostics development on the CASTOR tokamak" arin Hron	Joint Experiment - T-10 (M. Gryaznevich)		
Coffee Break				
	Round table discussions	Round table discussions	Round table discussions	Closing
Session 4 (16:00 - 17:30)	Theory developments	Next Joint Experiments Planning / proposed topics	Assessment of present achievements / opportunities and requests for future coordinated research	Finalization of report draft and closing remarks
	Experiments developments			
	Excellence Education			
Sunday 18:00 Reception (offered by the Host and the IAEA)		Informal dinner with all participants (private)		

TO - IAEA Technical Officer (A. Malaquias)

ISC - CRP International Scientific Committee (E. Del Bosco, M. Gryaznevich (Chair), G. Van Oost)
